PROFILE

I have a developing computer science education and an eye for graphic design. I'm excited to apply and develop both of these skills in a work environment, and I'm ready to tackle new ones, too. Mostly, I want to have work that I can invest myself in, that I can be proud of.

EDUCATION

2018 – 2020

- Associates of Computer Science
College of Southern Idaho, Class of 2020.
 - Associates in Mathematics by the end of the Fall semester; Bachelors in Computer Science in the future.
